LETTER

Dear Ms. Dyson,

Confirming our discussion on the referenced application, formal drawings on this application were originally prepared for a PCT application in which three U.S. applications were combined. Figs. 10A, 10B and 10C, while part of the PCT application, were for a different one of the three combined applications, but were inadvertently included with the formal drawings for this application. These three drawings do not belong with this application and should be cancelled or deleted.

Thank you very much for bringing this matter to my attention and for your cooperation in deleting these three drawings from the formal drawings.

Respectfully submitted,
Daniel Birx Applicant
